# EVERYTHING BISLEY

Life may be unpredictable, but you can always count on Bisley.

We're a design and manufacturing powerhouse. For over eighty years, we've been quietly creating innovative products that meet the evolving needs of our working world.

And now more than ever, the workspace is ripe for reimagination.

While the world may evolve, our passion for design never changes. Our drive, energy and capabilities mean that we can produce whatever you need, in the volumes you need, wherever you might need it.

Here, you'll find an overview of everything that Bisley can offer you and your workplace. Our extensive, bespoke ranges can help maximise your workspace by providing intelligent and useful solutions.

You'll find everything you need to create organised storage systems that work for you, whether you're in the office or at home.

We're proud to make unique, innovative furniture that doesn't compromise on style – so you can thrive anywhere.

# SYSTEMS STORAGE

Design a workspace you can call your own.

Hardworking storage that is suitable for all your activities in the office is fundamental. Bisley can help you create integrated working environments that enhance focused working and collaboration, but can also evolve with your changing needs. Our broad range of sleek storage systems provide you with flexible options to help you design smart, multi-purpose storage solutions.

# Be

Be is a dual aspect, integrated furniture and storage solution, which connects people and the workspace, creating environments that inspire performance.

The office landscape needs to adapt to a more agile way of working. Inspired by the need for a versatile, open working environment, Be offers perfect combinations for a mix of interchangeable workspaces.

Adaptable zones foster collaboration and provide areas to meet, individual space to focus, with social areas to interact, relax and recharge.

Designed to be different, Be uses unique colour combinations, mixing wood and steel surfaces, with environments which cater for open and closed storage, and the power to display and perform.

Be is available in a pre-defined range of the most popular options (p.10) or can be tailormade to make an individual workspace (p. 8).

Perfect combinations for a connected workspace.

- Available in 34 steel finishes, 8 wood finishes, 10 fabric options and 3 glass finishes
- Range consists of locker doors, cupboard doors, sliding doors, magazine shelves, bookcases and frame toppers.
- All Be products have a ten-year guarantee

## Be - configurable

Be's highly customisable, flexible approach gives you the choice to decide how you want to work, by helping you define what fits you and your organisation.

Our variety of dual-facing storage and display units, in addition to soft seating, benching, and a multitude of backing options, create uplifting spaces that naturally boost productivity and enhance the workspace.

Complete the look with sleek wooden wraps, steel display frames and an abundance of paint, MFC and fabric choices. Plus, you can enhance Be with the addition of power, biophilia planters and secure locking solutions.

If you are interested in developing a more bespoke design for your office, the entire Be range can be pieced together to create unique configurations and accessorised to deliver exactly what you need.

Talk to our team about your customised Be workspace and bring your idea to life with the [Be Configurator](#).

## Be - Pre-defined

One of the best ways to inspire a sense of belonging in the workplace is through the creative use of storage.

Be naturally blends desirable work space aesthetics with practical storage and stowage solutions, giving all employees – whether permanent, mobile or nomadic – a sense of control, peace of mind and belonging while at work.

To make creating an ideal workspace surprisingly simple, we have put together a collection of the most popular choices in a range of pre-designed elements. Our individual units allow you to pick exactly what you need.

In maximising every square metre of our product through the provision of storage, security, and power, our pre-defined Be range has been designed to comfortably take care of the modern workplace, enabling effective working and encouraging collaboration. Be's agile approach maximises space with minimum footprint.

# Outline

We provide the Outline, you do the rest.

Ideal for establishing a distinctive workspace with a personal touch, Outline allows you to shape your environment for a sleek minimalist and modern look, so you can focus and stay on top of your workload in style and comfort.

Crafted from hand-welded steel for a seamless finish, Outline is a robust yet elegant frame that allows natural light through and separates a room, without building walls. Highly customised to the unique design of your workspace, Outline by Bisley suits perfectly with existing Bisley products, sitting alongside or on top of storage units, including the Be and LateralFile ranges, or, as a stand-alone piece – working to fit with your needs.

Make Outline work hard for you - with an array of colour finish options and accessories including shelves, planters, storage cubes and hanging white boards - you have everything you need to make your space truly individual.

Inspired by the need for versatile and open working environments, Outline by Bisley works as a contemporary multi-purpose zone divider and display unit, ideal for establishing distinctive spaces to work, collaborate or relax.

- Choice of 34 steel finishes and 8 wood finishes
- Multiple accessories available
- 400mm & 470mm deep options to suite with Be and LateralFile
- All Outline products have a ten-year guarantee

# Bridge

Bridge by Bisley, the modern credenza that brings together storage, stowage, and room division in one seamless system.

With the ability to provide multiple functions in multiple spaces, Bridge can be used as an unobtrusive space divider, a meeting room credenza, a 'skyline' style welcome setting, or a spontaneous breakout area. From providing an impromptu place to perch, or a relaxing place to recharge, Bridge's breadth of steel colours, wood textures and vibrant fabrics mean that the fun is in creating exactly what you imagined.

At the heart of our design is stowage. Bridge provides temporary stowage for bags and other personal items and its dual-facing nature gives you flexible options, including a handy lockable space for your valuables and technology, cable management, and decorative display.

## 1. SPACE DIVIDER

Utilise Bridge's dual-facing nature to create subtle space division or wayfinding through the workplace, with smart storage access from both sides.

## 2. SKYLINE

A mixture of module heights mimic a city skyline. These settings are ideal for welcome areas and 'breakout zones'. The use of the seat pad unit provides a relaxing place to recharge or an impromptu place to perch throughout the working day.

## 3. MEETING ROOM CREDENZA

Inspired by the traditional meeting room credenza, but re-imagined for the contemporary office and work styles, these suggested settings mimic the classic single height credenza, with the versatility to create a professional or playful addition to the meeting space.

- Choice of 33 steel finishes, 7 wood finishes and over 100 fabric options
- Choice of 4 leg options, 2 handle types and 3 back panel styles
- All Bridge products have a five-year guarantee

# Quarters by Bisley

Developed to provide a haven away from the hustle and bustle of a busy workplace, Quarters booths create a secluded space for individual focused work, a private place to take a call, or a cosy, comfortable meeting space for creative collaboration.

Having an inclusive, light space, where you can also store your belongings, is vital for wellbeing. The specialised sound dampening panels envelop the storage component, so individuals are always connected to the hubbub of the office but have a buffer – a tranquil and relaxing retreat to work in, whether alone or in groups. Uniquely designed with personal storage embedded for easy access, Quarters ensures that all your belongings are tucked safely away within the booths while you work.

Partnering with British design icon Anglepoise, Quarters has been created to reflect their world-renowned design, with the radius of each Quarters panel and stitch detailing matching that of the iconic Type 80 lampshade, distinguishable by its unique halo light-escape effect.

**1. MEETING BOOTH**  
Multifunctional two, four and six person booths encourage collaboration whilst providing a subtle buffer to the rest of the office.

**2. DOUBLE BOOTH**  
Double booths provide practical space for ideas and co-working. Choose from soft bench seating or sitting and standing height desks, plus an array of storage options.

**3. SINGLE BOOTH**  
Single booths provide a private, quiet space with everything you need for maximum productivity. With embedded storage, power and acoustic panels, concentrated work becomes easy within an office environment.

- Multiple fabric options and a choice of 8 wood and 34 steel finishes
- A range of steel and laminate accessories available
- Optional power and multiple locking solutions available
- All Quarters products have a five-year guarantee

# Pren

A collection of freestanding lockers, wardrobes, and cupboards that make specifying your entire storage system refreshingly simple.

With purpose beyond storage, Pren's freestanding units act as zone dividers throughout the office, creating defined neighbourhoods wherever you need. And with contra-facing units available at different heights, you can accessorise them with planter tops for the added benefits of mood-boosting biophilia, or create an extended, standing height workbench with a sleek oversailing top.

Spanning classic, warm wood-effect tones and solid colour finishes, Pren is available in a variety of laminates, matching [LockerWall's](#) broad palette, creating symmetry for your storage. And almost entirely made in-house, the lead times remain significantly shorter than average.

- 1. WARDROBES**  
Available in a variety of heights and widths with coat rails and a selection of lock options. The taller options include fixed MFC shelves. All wardrobes feature a round wooden handle.
- 2. LODGES**  
Secure personal storage, Pren lodges are available in a range heights and door options, with a variety of internal configurations including coat rails and fixed shelves. Compatible with both smart, mechanical and traditional locks.
- 3. CUPBOARDS**  
Flexible, lockable office storage available in a range of heights and widths. Pren cupboards feature round wooden handles and adjustable steel shelving with under-shelf filing.

- A choice of locking solutions available
- All Pren products have a five-year guarantee

# Glide

This innovative unit combines clean, unbroken lines with thoughtful details that ensure the sliding doors really do glide.

Our high-quality, sliding door storage system is an ideal, space-saving solution for open-plan work environments. You can choose bespoke timber tops, backs and end-cladding, and we can provide a comprehensive range of optional internal fittings, including roll-out filing frames and drawers.

Door options include plain, perforated and acoustic dampening - which better absorbs noise from the hustle and bustle of a busy office. Glide particularly complements our [LateralFile](#) products, but fits well with all of our ranges.

- Choose from an extensive palette of 34 steel paints
- Choice of plain doors, perforated doors or acoustic doors
- A range of internal accessories available to purchase
- All Glide products have a ten-year guarantee

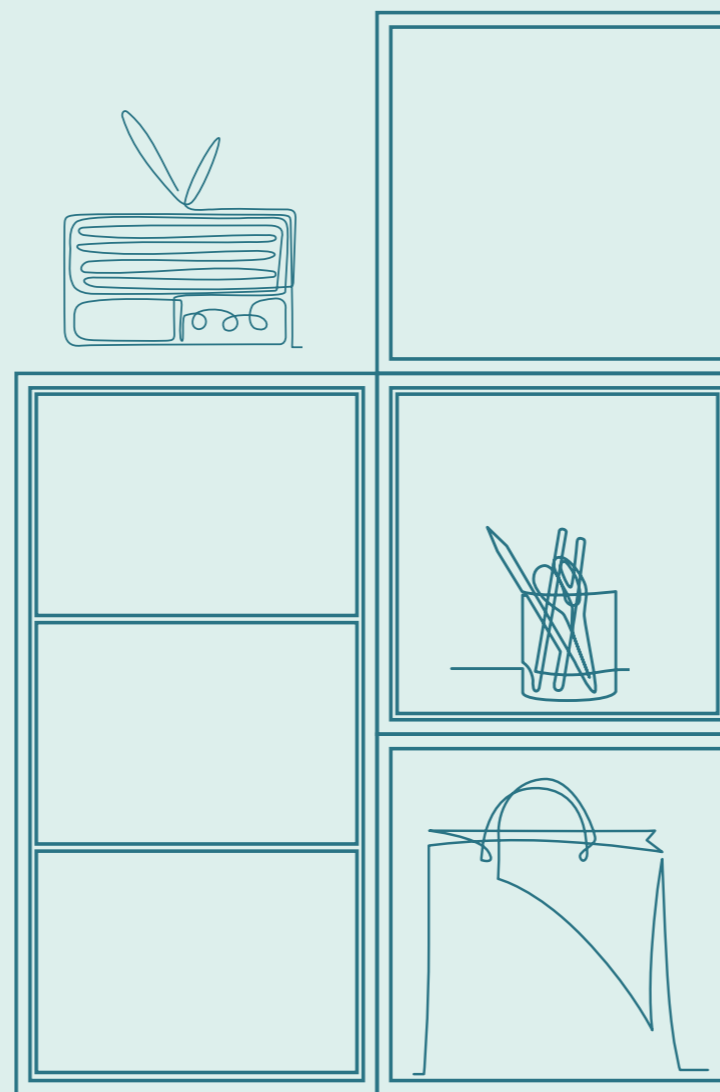

# PERSONAL STORAGE

Storage for you, and only you.

The rise in personal storage is at the forefront of any modern office, and is vital for creating a positive and uplifting workplace, where everyone has their own dedicated space.

Our personal storage solutions help free up room, promote productivity and give everyone a sense of belonging. From traditional lockers to more bespoke solutions, Bisley's personal storage has been developed to bring you peace of mind, so you can focus, knowing that your belongings are safely stowed away.

# LockerWall

Designed to fit around you.

Inspired by the traditional locker system, but re-imagined for the contemporary office space, LockerWall by Bisley gives you the scope to create an efficient, stylish storage solution for any kind of environment.

LockerWall is the fully integrated, optimum storage and smart locker system that delivers dependable security, without dominating your space or sacrificing your style. Utilising the latest smart locking software, including networked and hard-wired locks, personal storage and facility management has never been simpler and safer. With LockerWall, you can be reassured that your belongings are safely stowed away, and can be charging ready for the working day, with optional discreet USB power inside each locker.

- Choose from 34 steel finishes, 11 wood finishes, 5 compact grade laminate finishes and 50 fabric options
- Mix and match internal accessories and decorative additions
- A range of finishing panels are available to order separately
- Multiple locking solutions available including smart locking technology
- LockerWall has a five-year guarantee

# LockerWall

Storage that works harder.

The rise in personal storage requirements is at the forefront of a modern, productive workplace. What was once banished to cloakrooms or basements is now a firmly established part of the front office landscape. Our personal storage solutions can help free up space, promote productivity, and give everyone a sense of belonging.

LockerWall is not only a storage system - the lower height lockers can create zoning and space division, giving a workplace defined neighbourhoods. The standing height options double up as an impromptu work surface, or they can be accessorised with planters to bring in mood boosting biophilia.

# Lodges

Our Lodges’ attractive design provides an ideal setting for any workplace environment, including front of house, to supply sleek, secure storage for personal items.

A vibrant addition to any environment, Lodges are available in a wide variety of colours and finishes, giving you the option to choose multi-coloured or timber doors, or a mix of both. Perfect throughout the office, reception, and meeting spaces, Lodges can be used to create a consistent on-brand look.

Available in a wide range of designs, Lodges can complement and suite with our other products.

# Moving Walls

Moving Walls is a multifunctional system that connects the agile workplace and promotes creative collaboration. The modular range interconnects to build upon the workspace, expanding vertically to make the most of wall space, or create new ones.

Mobile, magnetic and writeable, the Moving Wall is a brilliant tool for agile working and space creation. They can be used individually or linked together in a straight line or circular arc, without interrupting the flow of writing. Mounted on wheels, they are easy to manoeuvre, and come complete with a handy storage shelf underneath.

The combination of Moving Walls and Bisley storage allows the creation of productive, flexible spaces for people to come together to work creatively and effectively.

## The Moving Walls System:

- Moving Panel - an extension of the Moving Wall.
- Moving Acoustic Panel - improves acoustics and simultaneously serves as a pinboard.
- Moving Rail - magnetic rails allow panels to be mounted to the wall.
- Moving Table - a writable lightweight table top also serves as a large presentation board.
- Moving Cup - a magnetic pen holder, can be easily pinned to the Moving Wall or the Moving Panel.
- Moving Stool - made from recyclable formfleece, the conic shape allows for practical stacking.

# FINISHING TOUCHES

Precision engineered and built to last, your Bisley product will keep on working as hard as the first day you got it.

As Europe's leading manufacturer of steel storage solutions, we understand how to get the best out of this great material. Nobody knows steel like Bisley, but in the last few years, we've built a rich expertise in wood materials too - the natural partner of steel. Our dedicated team of designers have been joined by wood manufacturing specialists; applying the same knowledge that developed our iconic steel storage solutions to wooden furniture ranges.

We also offer a huge steel paint palette and four impressive wood material palettes, so whatever your requirements, we have the skills and flexibility to help bring you beautiful, bespoke solutions.

# Paint

# Locking Solutions

When it comes to specifying bespoke lockers for your workplace, Bisley is the name people turn to for quality they can trust.

We design and manufacture the highest quality personal storage lockers, but we also have the knowledge and expertise on hand to advise you on the best lock choice.

With our smart locker solutions, you can drive workplace efficiency and give employees a sense of belonging with dependable, flexible security.

Utilising our many years of experience, we can recommend a selection of the highest quality options, but we will always accommodate customer specific security requirements, working with a variety of trusted lock providers.

Our range of lockers and lock partners, both electronic and mechanical, can meet even the most challenging privacy and security requirements of the modern workplace.

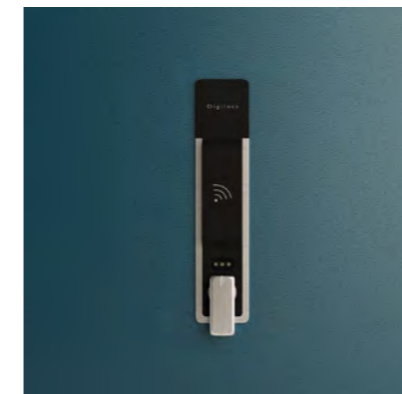

## Smart Lock software - the future of secure storage

The latest locking technology comes in the form of smart lock software. Take away the hassle of key management, on-site presence, and sub-par security – smart lock software puts you in complete control.

Control tablets can be embedded into your storage, or for an even slicker application with maximum efficiency, certain locks can now be linked up to real-time smart locking wireless networks, controlled via an app on your phone or device, from anywhere in the world.

Managers can remotely control access, limit contact, and allow for personalised features to be added. Hard-wired locking systems can be configured to permit and deny access for users and switch the control of the locker from private to public to sharing mode when required. They also offer the highest level of security with automatic anti-theft alarms.

# Our commitment

## Better for you, better for the environment

“At Bisley, we often use the phrase that our furniture is Made for Life. And while that is true of our products, we also take that ethos into every part of our manufacturing processes and company culture. We want furniture that lasts a lifetime; made from the highest quality materials, using the latest innovative technologies and processes with minimum impact on our environment.”

Richard Costin, CEO

As a proud British manufacturer, we take our responsibilities towards the environment very seriously. Our dedicated CSR Team ensures that our facilities are as sustainable as possible, while making sure that our products last and are sustainably sourced.

Bisley products are designed for functionality, durability, and a long service life. They are all tested rigorously to British and European harmonised standards for safety, strength and stability. We have also invested in the undertaking of Life Cycle Analyses (LCA) for much of our steel product portfolio, to fully understand their environmental impacts in terms of global warming, acidification, eutrophication, ozone depletion and other indicators across all phases of a product's life cycle - from cradle-to-grave.

Our products are made from high-quality steel and wood, making sure that our products are strong, resilient and will stand the test of time. Steel's durability means that it has a long lifespan, and should a product eventually need to be disposed of, then steel is 99% recyclable and doesn't lose its quality when recycled. In our factory, where possible, we source as much of the cold rolled steel coil and sheet that we use in manufacturing as possible from the UK market.

As for energy, we source all of the energy that powers our manufacturing activities through a renewable energy tariff and we also participate in the Energy Savings Opportunity Scheme (ESOS), which has led to substantial investment in procurement and installation of energy efficient machinery and equipment.

### CLIMATE ACTION

- To achieve carbon neutrality by 2030, through reduction activities and accredited offsets.
- Alignment to the UK Government net zero target of 2050 and by extension, the Paris Agreement through aggressive reduction of emissions both from our direct operations and other value chain elements. Targeting emission reductions of 3-5% year-on-year.

### DECENT WORK AND ECONOMIC GROWTH

- To provide stable, fair, and equally paid work to all of our employees.
- To work actively to decouple business growth from increased resource consumption.
- To promote youth education through our apprenticeship scheme.
- To ensure eradication of modern slavery not only within our own operations but throughout our global supply chain through provision of our supplier code of conduct and auditing.

### REDUCED INEQUALITIES

- To continue to pay our staff at minimum, the UK Living Wage.
- To promote a culture of inclusion, irrespective of age, sex, disability, race, ethnicity, origin, religion, or economic status.
- To continue promote equality within Bisley through compliance to relevant legislation, policy development and supporting action.

### RESPONSIBLE CONSUMPTION AND PRODUCTION

- To make increasingly efficient use of natural resources including water and raw materials throughout our manufacturing activities.
- To continue to responsibly manage chemicals and waste at our manufacturing sites in alignment with international frameworks and relevant legislation.
- Achievement of zero waste to landfill by 2030.

# Bespoke by Bisley

Manufacturing excellence that's engineered around you.

People come first at Bisley. Whether you're a customer, dealer, architect, or designer, you benefit from a service that's engineered entirely around you and your needs, our service, Bespoke by Bisley.

Everyone is different which is why our designs flex to be as individual as the people and organisations that use them. Should you need help with planning anything, from a bespoke design to an entire building layout, we have a dedicated design team ready to support you. We can talk you through all the options – from dimensions and accessories, to colours and finishes, or even assist with putting together a precise design specification. Whatever your project, we'll put our expert knowledge to work for you, helping you get the best from your Bisley products.

We regularly accommodate bespoke requirements – from having existing Bisley products finished in an organisation's brand colours, to resizing storage units to match a specific layout. We're also able to design, manufacture and deliver entirely bespoke products.

Whatever you need, we'll take care of it.

We've refined our expertise over the decades but have never stood still. We embrace change to offer innovative solutions that meet the evolving needs of our working world. Our products benefit from our knowledge and from the latest technologies, to ensure that we continue manufacturing to the highest of standards.

Precision-engineered and built to last, Bisley is trusted around the world for quality filing and storage solutions. We adhere to manufacturing excellence and all our furniture is made with care, making sure that you can count on a Bisley product for years to come.
